

# QR (Quick-Release valve)

## QR (Quick-Release valve)

- For vacuum pump P3010.
- Quick release by accumulating and utilizing the feed-air pressure as a boost.
- ON/OFF activated simultaneously with the P3010
- Three sizes for optimizing release volume with system volume.

### Technical data

Description	Unit	Value
Feed pressure, max.	psi	101.5
Material		Al, SS,PPS, NBR, PA
Temperature range	°F	14–122
Volume, Quick-Release	in <sup>3</sup>	0.18

### Technical data, specific

Description	Unit	Value	
		01.04.272	01.04.273
Weight	oz	2.54	4.16
Volume, Quick-Release tank	in <sup>3</sup>	1.83	3.66
Dimension, WxDxH	in	2.26x0.63x2.05	4.72x0.63x2.05
