

Pilot regulator

Pilot regulator

Features

- Pilot-operated pressure regulator with secondary pressure relief and flow compensation.
- Suitable for remote control.

Technical data

Description	Unit	Value
Feed pressure, max	psi	232
Air consumption, internal	scfm	1.70xP ₂ /60
Temperature range	°F	32-140
Pressure, outlet P ₂	psi	7.25-116

Technical data, specific

Description	Unit	Value
		01.14.283
Weight	oz	14.1
Connection, P1/P2		G1/4"
Connection, pilot		G1/8"
Connection, gauge		G1/8"
Flow, @ P1=101.5 & P2=87 psi	scfm	19.1
