

Regulators

Features

- Regulator for optimizing feed pressure to vacuum pumps or smaller vacuum systems.
- Manometer for feed pressure control.

Technical data

| Description | Unit | Value |
|---------------------|------|----------------|
| Feed pressure, max. | psi | 145 |
| Temperature range | °F | 32–122 |
| Weight | oz | 3.88 |
| Dimension, WxDxH | in | 1.69x3.46x2.80 |

Technical data, specific

| Description | Unit | Value | |
|-------------------------------|------|-----------|-----------|
| | | 01.13.122 | 01.13.123 |
| Connection | | G1/8" | G1/4" |
| Flow, @ P1=116 & P2=101.5 psi | scfm | 10.6 | 19.1 |

Ordering information

| Description | Part No. |
|---------------------------|-----------|
| Regulator 1/8", manometer | 01.13.122 |
| Regulator 1/4", manometer | 01.13.123 |
