

Function ES vacuum

Function ES vacuum

- For vacuum pump P6040
- Electrically operated air-saving device for P6040 vacuum pump.
- Adjustable vacuum controlled 2/2 NO valve.
- Manometer for feed pressure control.
- Recommended for P6040 vacuum pump in non-leaking systems.

Technical data

Description	Unit	Value
Feed pressure, max.	psi	101.5
Material		Al, PA, NBR, SS, POM, HDPE, PC, CuZn, PBT
Temperature range	°F	32–122
Signal range	-inHg	4.4–28.1
Hysteresis	-inHg	0.44
Voltage	VDC	24 (14–28)
Safety classification		IP40
Current consumption	mA	60
Ripple	V _p	1 V _{rms}
Display		LED indicator
Electrical connection		DIN (c)
